

Amica Center for Career Education

Presents

Alumni/Student Shadow Program

Dear Bryant Alum:

I invite you to participate in our Alumni/Student Shadow Program that is offered by the Amica Center for Career Education. The **2011-2012 Shadow Program** will be offered during our students' winter break – December 19, 2011 through January 21, 2012.

The Shadow Program, a short observational experience, enables students to visit with Bryant alumni in professional work environments, thus allowing students to gain insiders' perspectives on career fields of interest to them.

The Alumni Profile form asks you for information that students will use in selecting an alum to “shadow” in the career field that is of interest to them. Please fill out the form and return it to the Amica Center by e-mail or fax (401-232-6742) **by October 18.**

Students will preview the information that is returned by participating alums. The students will then be matched with the alums they have designated as their choice. In late November, I will send you notification of the student(s) who will be contacting you as well as their resumes. You will then be contacted directly by the student to determine the specific day and time for his/her visit with you.

As a Bryant alum, you have a lot to offer a student who is exploring career options. We will truly appreciate your willingness to participate in the **Bryant University 2011-2012 Shadow Program.** We look forward to receiving your completed form. If you have any questions or would like more details about the Shadow Program, please call me at 401-232-6090 or send me an email at jclare@bryant.edu.

Sincerely,

Judy

Judith Clare, Director
