

Guest Wireless Access

Connecting to the Bryant Guest Wireless Network Windows 7 version

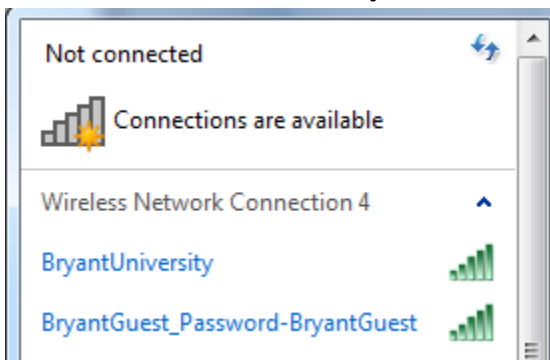

- 1. Right click on the Wireless connection located in the system tray. The system tray is located in the lower right hand corner of your screen. Click on Open Network and Sharing Center.**

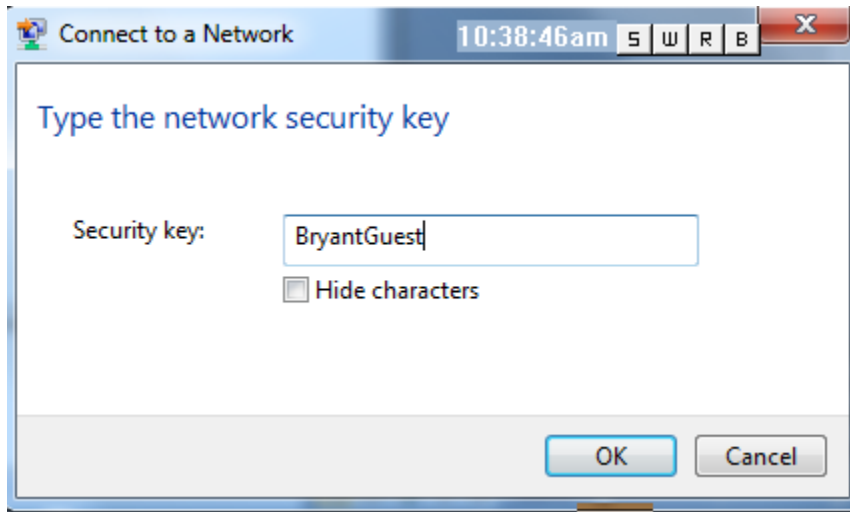

- 2. Click on Connect to a network.**

- 3. You will now see the dialog box referenced below. Click on the BryantGuest_Password-BryantGuest network then click on Connect. You may leave Connect automatically checked.**

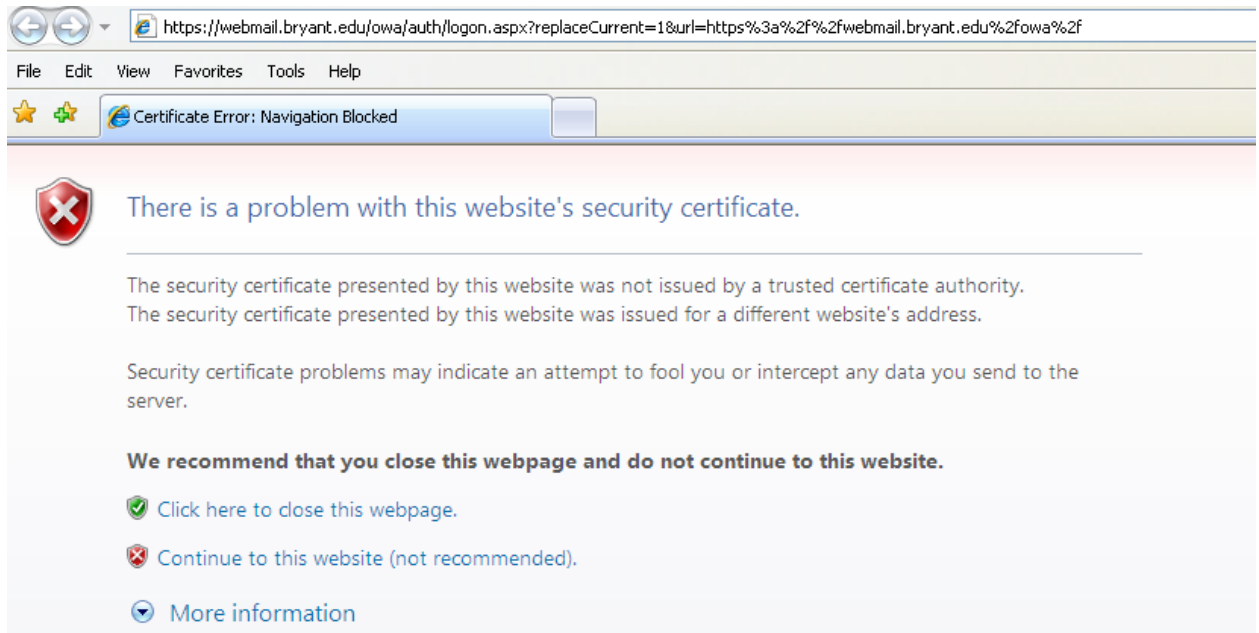

4. After you click on Connect you will be prompted to enter the pass code for the Bryant Guest network. The pass code is BryantGuest with a capital B and a capital G with no space between the word Bryant and guest. To enter the pass code click in the Security key field then type in BryantGuest. Click on OK.

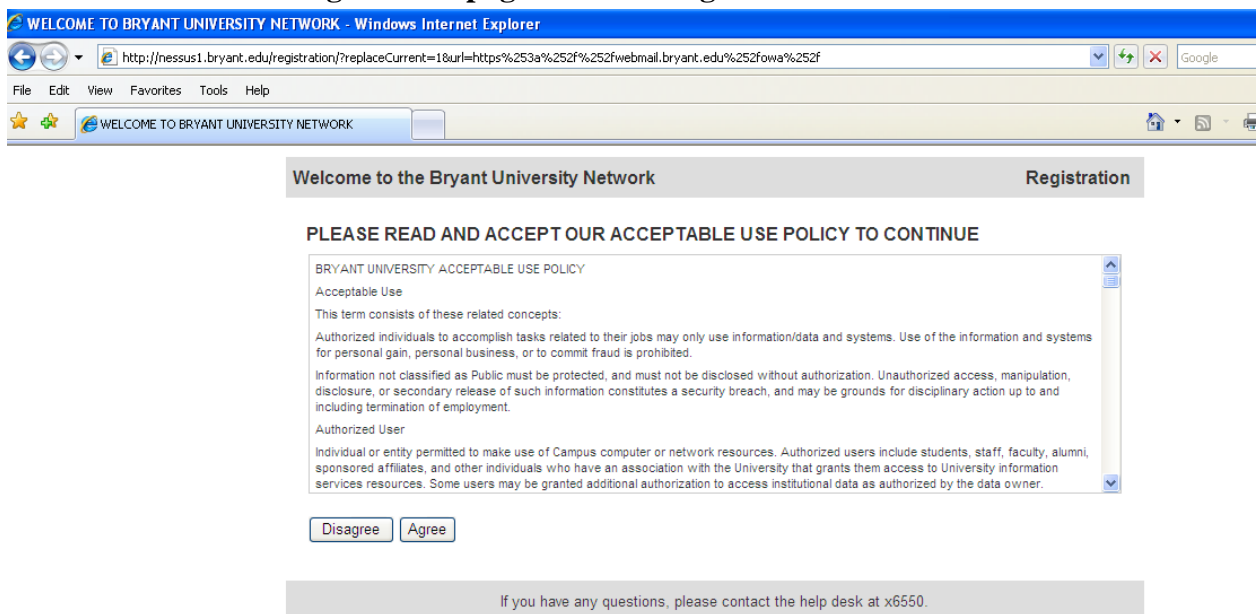

5. You will see a dialog box that shows the connection being made. The connection may take a minute or two.
6. Close any network connection dialog boxes that you see. If you see a yellow exclamation point on the Wireless connection icon in the system tray do not be concerned this will be resolved in the next few steps.

7. The next step is to run Internet Explorer. If you see this screen please click on Continue to this website.

8. You will now see the registration page. Click on Agree.

9. You will now see this screen Click on Guest without an account.
