

Bryant University

Accelerated Fourth Year MBA Program

Earn your BSBA + MBA in 4 years

Delivering superior student learning outcomes, Bryant University offers driven incoming first-year students the opportunity to earn their BSBA and MBA degrees in four years. This dynamic and rigorous program catapults you ahead of the competition by immersing you in the University's nationally recognized undergraduate and graduate programs while saving you time and money.

Our accelerated-dual degree program offers enhanced value, prepares and empowers students to differentiate and position themselves for success, which is particularly important in today's economic environment.

Madan Annavarjula, Ph.d.

*Dean of the College of Business
Professor of International Business*

REAL-WORLD VALUE

Bryant's Accelerated Fourth Year MBA (3+1) Program offers significant value compared to more typical five-year BS/MBA options. It builds on the University's innovative curriculum and degree programs that have established the University as one of the nation's top-ranked schools for learning outcomes and return on investment.

INSPIRING EDUCATORS

Enriching learning outcomes for students, our faculty of internationally known researchers with diverse backgrounds serve as dedicated mentors who work closely with students to provide experiential learning opportunities. With accomplished executives-in-residence and industry leaders, we review and fine-tune our curriculum not just from the inside out, but from the outside in.

DEDICATED HOUSING AND RESOURCES

Students are supported by an academic advisor to keep you on track. For the three undergraduate years, students live in dedicated campus housing featuring a study lounge and resident assistant. Housing options are available for the fourth year when students also will be assigned an advisor/success coach in their MBA program.

Bryant University's Graduate School empowers graduates with the ability to compete and excel in a dynamic business environment. Bryant's dedicated faculty successfully equips students with the analytical, technological, and interpersonal skills essential to meet the challenges of working in a diverse and global marketplace.

MBA students may elect to specialize in one of five areas:

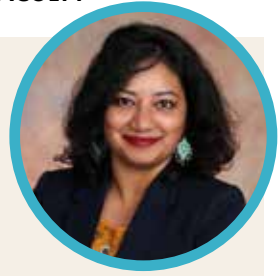

- Business Analytics
- General Management
- Global Finance
- Global Supply Chain Management
- International Business

DESIGNED FOR YOUR SUCCESS

Bryant's selective Accelerated Fourth Year MBA (3 + 1) Program, an innovative educational experience, is available to first-year students in the University's Bachelor of Science in Business Administration (BSBA) degree programs, including:
