Bryant IB Program—Frequently Asked Questions

Do I have to study abroad?

Yes, unless you are an international student on an F1 visa and apply to waive study abroad

Do I have to minor in a foreign language?

Yes, unless you prove fluency in a language other than English.

Can athletes pursue IB; what about study abroad?

Make sure you reach out to your academic advisors early in the program. As an athlete, you have your athletics academic advisor and your IB academic advisor.

If the semester abroad is not feasible due to season or other obligations, you may piece your required 12 study abroad credits together.

Is there a GPA requirement?

You will need to have a minimum 3.0 GPA to be able to study abroad as a junior.

Can I switch into IB after my first semester or even after freshmen year?

Yes, in most cases. Reach out as early as possible, so you take the correct 201 classes and save general education classes for study abroad. We also created some flexibility with the 201-level classes. You will still have to figure out the language requirement.

Is there an IB Minor?

Yes! Consider the IB Minor for a second minor if you are a business student, or a minor if you are an Arts and Sciences or Health and Behavioral Science major!

We'd love to speak to you!

Contact IB program director Jacqueline Saslawski at jsaslawski@bryant.edu, or one of the two IB academic advisors: Rebecca Senna at rsenna@bryant.edu or Kristin Pidgeon at kpidgeon1@bryant.edu.
